ENVIRONMENTAL ADDENDUM & DISCLOSURE

APPARENT* HAZARDOUS SUBSTANCES AND/OR DETRIMENTAL ENVIRONMENTAL CONDITIONS

This disclosure pertains to the property listed in this “Property Information Packet” being offered at auction for Fred & Sharon Phillips on Saturday November 12, 2016.

***Apparent is defined as that which is visible, obvious, evident or manifest to the auctioneer.**

This addendum and disclosure reports the results of the auctioneer’s routine inspection of and inquiries about the subject properties and its surrounding area’s. It also states what assumptions were made about the existence (or non-existence) of any hazardous substances and/or detrimental environmental conditions. **The auctioneer is not an expert environmental inspector** and therefore might be unaware of existing hazardous substances and/or detrimental environmental conditions which may have a negative effect on the safety and value of the property. It is possible that tests and inspections made by a qualified environmental inspector would reveal the existence of hazardous materials and/or detrimental environmental conditions on or around the property that would negatively affect its safety and value.

Drinking Water: The drinking water to the property is supplied by the City of Paris Utility Department. It is the assumption of the auctioneer and seller(s) that there is an adequate supply of safe, lead-free drinking water.

Sanitary Waste Disposal: Sanitary waste disposal for the property is supplied by the City of Paris Utility Department. It is the assumption of the auctioneer and seller(s) that the sanitary waste is disposed of by a municipal sewer and/or private system or adequate properly permitted alternate treatment system is in good condition.

Soil Contaminants: The auctioneer and seller(s) are not qualified to determine the presence of any soil contaminants and further more are not aware of any soil contaminants. It is the assumption of the auctioneer and seller(s) that the properties are free of soil contaminants.

Asbestos: The auctioneer and seller(s) are not qualified to determine the presence of any asbestos and further more are not aware of any asbestos. It is the assumption of the auctioneer and seller(s) that there is no uncontained friable asbestos or other hazardous material on the property.

PCB’s (Polychlorinated Biphenyls): The auctioneer and seller(s) are not qualified to determine the presence of any PCB’s and further more are not aware of any PCB’s. It is the assumption of the auctioneer and seller(s) that there are no uncontained PCB’s on or nearby the property.

Radon: The auctioneer and seller(s) are not qualified to determine the presence of any Radon and further more are not aware of any Radon. It is the assumption of the auctioneer and seller(s) that the radon level is at or below EPA recommended levels.

UST’s (Underground Tanks): The auctioneer and seller(s) are not qualified to determine the presence of any UST’s and further more are not aware of any UST’s. It is the assumption of the auctioneer and seller(s) that any functioning UST’s are not leaking and are properly registered and that any abandoned UST’s are free from contamination and were properly drained, filled and sealed.

Nearby Hazardous Waste Sites: The auctioneer and seller(s) are not qualified to determine the presence of any nearby hazardous waste sites and further more are not aware of any nearby hazardous waste sites. It is the assumption of the auctioneer and seller(s) that there are no hazardous waste sites on or nearby the properties that negatively affect the value or safety of the properties.

UREA Formaldehyde (UFFI) Insulation: The auctioneer and seller(s) are not qualified to determine the presence of any UFFI and further more are not aware of any UFFI. It is the assumption of the auctioneer and seller(s) that there is no significant UFFI insulation or other UREA formaldehyde material on the property.

Lead Paint: The auctioneer and seller(s) are not qualified to determine the presence of any lead paint and further more are not aware of any lead paint. Because the improvements on the property were not built prior to 1978 the possibility of lead paint may not be present. It is the assumption of the auctioneer and seller(s) that there is not any lead paint on the property. It is recommended by the auctioneer and seller(s) that a qualified professional be contacted if there are any concerns.

Air Pollution: The auctioneer and seller(s) are not qualified to determine the presence of any air pollution and further more are not aware of any air pollution. It is the assumption of the auctioneer and seller(s) that the property is free of air pollution.

Wetlands/Floodplains: The auctioneer and seller(s) are not qualified to determine the presence of any wetlands/floodplains and further more are not aware of any wetlands/floodplains. It is the assumption of the auctioneer and seller(s) that there are no wetlands/floodplains on the property.

Miscellaneous Environmental Hazards: The auctioneer and seller(s) are not qualified to determine the presence of any miscellaneous environmental hazards and further more are not aware of any miscellaneous environmental hazards. The auctions are being conducted with the assumption that there are no miscellaneous environmental hazards that would negatively affect the safety, value or integrity of the properties.

NOTE: All or parts of the improvements were constructed before 1978 when lead paint was a common building material, and the possibility of lead-based paint contamination may exist. There is no **apparent** visible or known documented evidence of lead paint on the floors, walls or ceilings. The only way to be certain that the property is free of surface or subsurface lead paint is to have it inspected by a qualified inspector. If there are any further questions as to the presence of any environmental hazards on any of the properties it recommended by the auctioneer and seller(s) that the buyer(s) have a qualified professional inspector to conduct such an inspection. All cost’s related to any inspection and/or repairs will be at the expense of the buyer(s). All prospective buyers have 14 days prior to the auction for a home inspection to be conducted. The buyer will be required to sign a disclosure waiver for lead paint and a property disclosure waiver the day of the auction. The property is being sold “AS IS, WHERE IS” with no warranties expressed or implied.
