- Auctioneer's Note -

Trent & Laurie will continue to operate at their home ranch near Hilger, but have decided not to renew their lease of the Lone Creek Ranch northeast of Winifred. They are dispersing 700 cows and liquidating their equipment on that ranch. This is a very clean line of late-model equipment that has been well maintained and is ready to go right back to work! Additional photos and the auction catalog are available on our website. We invite you to join us for the day.
