Terry and Phyllis Stewart cherished life on Kerr Lake for over 20 years. After Terry's passing, though, the lake home lost some of its charm. As avid skiers and passionate fans of Kerr Lake, the Stewarts built a lifetime of treasured memories here. Alongside their love for the lake, they enjoyed woodworking, collecting unique items, and exploring fabric arts, filling their home with beautiful furniture, tools, and everything needed for the perfect lakeside retreat. Don't miss this unique opportunity—their lakefront home will be available on the market by December 1. Visit [ucvirginiarealty.com](http://ucvirginiarealty.com) for details!
