Zoning - AO

CABARRUS COUNTY DEVELOPMENT ORDINANCE CHAPTER 3-ESTABLISHMENT OF ZONING DISTRICTS

RESIDENTIAL DISTRICTS:

AGRICULTURAL/OPEN SPACE

This district is comprised mostly of lands usually found on the eastern side of the County which, due to physical characteristics such as soil type, topography, etc., should remain agrarian. To a lesser degree, these are also those lands which are conducive to providing recreationally oriented open space. These land areas should remain the farmland and undeveloped/forested land of the County. Public utilities will not be planned for these areas. Consequently, residential uses that support those working and/or owning the land, home occupations allied with existing residences, and very limited business endeavors are envisioned as complementary to the area. In sum, the primary activity of these lands is agricultural - housing and business are typically related to, and supportive of, the practice of modern day agriculture. It is not, however, improbable that a small hamlet type settlement might evolve in this zoning district. As to those areas constituting open space, manmade uses must take care to enhance and not detract from the essential character of the area.

Rationale

Cabarrus County, due largely to its proximity to the Charlotte-Mecklenburg metropolitan area, is in a growth mode which will, in all probability, continue. While the issue of farmland preservation may ultimately be more driven by market economics, it still behooves policy makers to prudently attempt farmland preservation. Less a matter of market economics is the concept of retaining unspoiled, undeveloped lands for future generations to enjoy.
