Lead-Based Paint Obligations (Seller)

Seller acknowledges the following obligations, which shall be completed before the buyer is obligated under any contract to buy and sell real estate. There is no obligation of Seller to conduct any evaluation or reduction activities.

1. Seller shall provide the required lead warning statement set forth on the Lead-Based Paint Disclosure form.
2. Seller shall provide the buyer with the EPA-approved lead hazard information pamphlet "Protect Your Family From Lead in Your Home".
3. Seller shall disclose to the buyer and the real estate licensee(s) the presence of any known lead-based paint and/or lead-based paint hazards in the Property being sold. Seller shall also disclose any additional information available to Seller concerning the known lead-based paint and/or lead-based paint hazards, such as the basis for the determination that lead-based paint and/or lead-based paint hazards exist, the location of the lead-based paint and/or lead-based paint hazards, and the condition of the painted surfaces.
4. Seller shall disclose to each real estate licensee the existence of any available records or reports. Seller shall also provide the buyer with any records or reports available to Seller pertaining to lead-based paint and/or lead-based paint hazards in the Property being sold. This requirement includes records and reports regarding common areas. This requirement also includes records and reports regarding other residential dwellings in multifamily target housing, provided that such information is part of an evaluation or reduction of lead-based paint and/or lead-based paint hazards in the building as a whole. If no such records or reports are available, Seller shall so indicate.
5. Seller, before a buyer is obligated under any contract to buy and sell real estate, shall permit the buyer a 10-day period (unless the parties mutually agree, in writing, upon a different period of time) to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards. A buyer may waive the opportunity to conduct the risk assessment or inspection by so indicating in writing.
6. Seller must sign and date the Lead-Based Paint Disclosure, certifying to the accuracy of Seller's statements, to the best of Seller's knowledge.

Seller must complete the required disclosure activities and allow the buyer an opportunity to review the information and possibly amend the offer.

Seller is required to retain a copy of the completed Lead-Based Paint Disclosure for 3 years from the completion date of the sale.
