WHEREAS George Gee and Jo Hall (hereinafter "Grantors") have purchased as individuals separate portions of certain real property from Emmitt Mundy located along New Mexico Highway 512, in the vicinity of the Village of Los Brazos, County of Rio Arriba, State of New Mexico, more particularly described in Exhibit A to these restrictive covenants, which is attached hereto and incorporated herein by reference; and,

WHEREAS Exhibit A describes as a whole unit the separate portions of real property purchased by Grantors individually; and,

WHEREAS Grantors wish to impose reasonable restrictions on their real property as to its appearance and use in order to preserve its natural beauty and present condition to a reasonable degree for the benefit of themselves and any and all subsequent owners;

THEREFORE, the following restrictive covenants shall apply to the real property described in Exhibit A, and to any part or portion of the land so described.

1. These restrictive covenants shall be effective on the date of the execution of this instrument. They shall run with the land and shall bind all persons, including Grantors and their heirs, assigns and successors in interest, who shall own or who shall claim an interest in the land described in Exhibit A or in any part thereof.

2. These restrictive covenants may be altered, amended or deleted from time to time, by a majority vote of all of the persons who shall own the land described in Exhibit A. Any such alteration, amendment or deletion which is passed and approved in accordance with this provision shall be reduced to writing, copies of which shall be given to every landowner of record, and shall be recorded at the office of the Rio Arriba County Clerk.

garages; EXCEPT that a private garage, barn, stable, well-house, or servants' quarters for servants actually located therein and serving the resident family shall be permitted.

4. All exterior construction on any building shall be completed within two (2) years of the date work begins.

5. There shall be no mobile homes or trailers allowed; EXCEPT that an owner or his/her agent or contractor may locate a mobile home or trailer on the tract during the time construction of a permanent structure is under way. The construction of any such permanent structure shall be completed within two (2) years of the date work begins, in accord with #4, and, upon completion of the permanent structure, or upon the two (2) year anniversary date from the day construction began, whichever occurs first, the mobile home or trailer shall be removed.

6. Recreational vehicles which are not intended to be and which are not used as permanent living quarters shall be permitted on any tract for temporary use, including seasonal use.

7. No structure of any type shall be permitted on any tract nearer than twenty (20) feet to any front boundary line, twenty (20) feet to any side boundary line, or twenty five (25) feet to any rear boundary line. A structure may be placed adjacent to a utility easement so long as it does not otherwise violate these distance restrictions. However, no structure may be placed within a utility easement.

10. No business or commercial enterprises shall be permitted on any tract other than those tracts which are contiguous to State Road 512. No business located on one of the authorized tracts shall include or conduct any activity which is unreasonably noisy, which is visually offensive beyond a reasonable degree (including, but not limited to, being messy or disheveled in appearance), which creates offensive or noxious odors, or which otherwise detracts from the natural beauty of the area which these restrictive covenants are intended to preserve.

11. No tract which may be sold by Grantors to any other person may be divided into more than four (4) parcels by the buyer or the buyer's heirs, assigns, or successors in interest. No such parcel may be less than two (2) acres in size. Once the buyer has divided his/her tract into four (4) parcels or less as provided herein, the parcels may not be subdivided again by any other person, even if the second division shall comply with the two (acre) minimum parcel size. The four (4) parcel limit shall not apply to Grantors who shall be authorized to sell portions of the tracts they acquired from Emmitt Mundy, as described in Exhibit A, as they may deem reasonable; EXCEPT that Grantors shall not sell any portion of their individual tracts which shall be less than two (2) acres.

12. No temporary, movable, unpainted frame, canvas or sheetiron/galvanized aluminum/other metal structure shall be erected upon any tract, EXCEPT as a temporary structure during construction. Any such temporary structure shall be governed by the provisions of ¶¶ 4 and 5 of these restrictive covenants.

13. No unlicensed, non-functioning, or junk cars shall be permitted on any tract.

14. All building materials or other items stored in the open shall be left neatly stacked, piled or arranged when not

15. All electrical, plumbing and contracting work shall be performed in compliance with the applicable codes of the State of New Mexico, the County of Rio Arriba, and any other agency of competent jurisdiction.

16. All pets or domestic animals shall be confined to the owner's property unless in the company and presence of the owner, in which case the animal shall be under the owner's control. No more than four (4) animals shall be allowed any owner. No livestock other than horses shall be permitted.

17. There shall be no cutting of trees except as is required on a building site for construction (which shall not exceed four thousand [4,000] square feet) without the express consent of the Grantor from whom the owner, or the owner's predecessor in interest, purchased his/her tract.

18. No fire shall be permitted which is not reasonably contained within some structure which provides reasonable safety against the spread of the fire. There shall be no burning of trash, and owners shall be required to haul their trash to the County dump or otherwise properly and lawfully dispose of their trash.

19. No outside toilets (outhouses) shall be permitted. It is specifically covenanted that septic tanks shall be installed, used and maintained on the premises at such time as beneficial occupancy begins. Outside toilets shall be permitted during the construction phase of the permanent structure, however, until the septic system is installed and functioning; PROVIDED that the terms and conditions of §§4 and 5 shall apply and govern this provision.

20. No barbed wire fencing shall be used to enclose any building site.

21. Violation of any of these provisions shall be actionable by any other owner of land within the area described in Exhibit A, and the prosecuting owner may seek redress at law or equity in a court of competent jurisdiction to enforce these restrictive covenants. This right of action

22. The invalidation of one of these restrictive covenants, or any part of them, by any court of competent jurisdiction, shall not serve to invalidate those provisions not determined to be invalid, and they shall remain in full force and effect.
