RE: Certificate of Compliance for OMMA Businesses

In lieu of execution of the Compliance Certifications 1-5, Canadian County would offer the following information. Canadian County has no planning or zoning commission and accordingly has enacted no building or zoning ordinances, safety, fire, electrical, plumbing, waste or other codes, rules or regulations that would affect an applicant seeking certification from this County. Additionally, this County makes no representation regarding the specific location of the business identified on the Certificate of Compliance, but merely confirms that the County has no planning or zoning rules or regulations in the unincorporated areas of Canadian County.

Canadian County hopes this new business will operate as a good neighbor to surrounding properties, and in a manner that presents no problems involving aesthetics, noise, water supply, power, setback, signage and traffic access. Canadian County makes no representation concerning state and federal law, rules or regulations.
