Hunting land for sale in Amite County, MS. This 167 acre tract is located on the eastern side of Amite County that's known for great hunting. Located on Dickey Mills Road, this tract features a gated entrance, a camp site, 6 food plots and a great and freshly updated internal road system. The tract has been gently hunted the last few years and the deer pictures are incredible. The mature pine and hardwood timber on the north side should be holding a lot of turkeys and the fresh cutover on the adjoining tract should hold lots of deer. The internal road system and the shape of this tract make this tract hunt much larger than it actually is. This tract also has great neighbors and is in a secluded area. Most of the work has been done on this tract and it is priced to sell! Call today to set up your private showing.
