SOUTHERN STATES REALTY

Looking for rural acreage to build your country estate home in a quiet rural community? With large landowners bordering on the West, South and East, you will enjoy the peace and quiet while only a few minutes from Purvis, Hattiesburg and Interstate 59 and the Hwy 98 Bypass. Beautiful pine and hardwood trees cover this flat to gently sloping land that will allow for multiple home sites. Deer hunting is good here with room to develop a wildlife food plot. A wetland creek bottom lies along the West boundary line that will limit future development on the adjoining property. You simply must walk on this property to appreciate how ideal it is for your new home or recreational property! Deed restrictions will apply and will not permit mobile homes or commercial livestock operations. Contact the Agent for details.

901 Browns Bridge Road, Hattiesburg, MS
