Not often do we get to list small acreage with so much opportunity. This property has 2 large barns, one on a slab, both in great condition, an additional office or shop, and a mobile home with rental or residency opportunity. Most of the acreage is open with improved fencing and catch pens for cattle. This would be a great equine or small cattle farm. If you'd like more acreage, there's an additional 190-acre pasture currently in hay production just down the road.
