SELLER DISCLOSURE ACT (EXCERPT) Act 92 of 1993

Tocto-Street n. Tu

City, Village, or Township Purpose of Statement: This statement is a disclosure of the condition of the property in compliance with the seller disclosure act. This statement is a disclosure of the condition and information concerning the property, known by the seller. Unless otherwise advised, the seller does not possess any expertise in construction, architecture, engineering, or any other specific area related to the construction or condition of the improvements on the property or the land. Also, unless otherwise advised, the seller has not conducted any inspection of generally inaccessible areas such as the foundation or roof. This statement is not a warranty

Sec. 7. (1) The disclosures required by this act shall be made on the following form: SELLER'S DISCLOSURE STATEMENT

Veman

565.957 Disclosure; form.

Disclosure of Information on Lead-Based Paint and/or Load-Based Paint Hazards

Lead Warning Statement

Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. Arisk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

Sel	ler's Disclo	sure					
(a)	Presence	resence of lead-based paint and/or lead-based paint hazards (check (i) or (ii) below):					
	(1)	Known lead-based pa (explain).	int and/or lead	based paint hazards are present	in the housing
