A&R Septic Tank Service
3 visits per year - one every 4 months
Map Key: ID: 21

This is to Certify that the above Residential sewage system has a one year inspection policy per Texas Commission on Environmental Quality (TCEQ) standards for on site sewerage facilities as required.

Inspection reports by the above service company will be filed with the authorizing agency as required by the TCEQ regulations. This includes three inspections per year (at least one every 4 months). A label will be attached to the controller showing the month that each inspection was made.

Items checked on the Inspection Report generally include aerators, filters, irrigation pump, air compressor, disinfection device, chlorine supply, OK System light, spray field vegetation, probe, sprinkler or drip backwash, and photocell test.

This policy does not include the cost of repairs or disinfectant.

A fee will be added to the yearly contract if a call is required for locked gate, dogs in yard, etc. and numerous calls have failed to gain access to the system. Sorry for any inconvenience.
