

Are you looking for a great investment opportunity in a poultry farm? This turnkey poultry breeder farm, located on 20 acres in Philadelphia, MS, features three "grade A" breeder (egg)houses. The farm has a long-term contract with the nation's largest poultry company and boasts a strong history of above-average income. Recently, the farm received a pay raise to 53 cents per dozen. Each breeder house holds an average of 10,500 hens. There are two 40' x 500' breeder houses built in 1998 and one 42' x 500' house built in 2010. The 42' x 500' house has concrete alleyways under the nest area, making cleanouts easy. The farm is equipped with Rotem controllers, a Farm Alarm system, Acme Fans, Cool Cells, and Valco egg tables. Additionally, the farm has 2 wells, access to community water, a generator, a tractor with a bucket, bush hog, and a 2-bedroom, 1-bathroom mobile home. There are also 2 egg rooms in excellent condition. Priced competitively, this farm offers a solid income opportunity for the new owner. Please call for more information. Appointments must be made at least 48 hours in advance to view the farm.
