Bags of fittings for tent poles	6
Bags of tent stakes	3

This is as complete of a list as I can put together without going through the Storage Unit and listing item by item. I assure you it is real close – give or take a few.

Upon the final sale -- I will be keeping only one 16 x 20 tent with roof and floor tarps, 6 cots, one of the Davis cookstoves and hotwater tanks and 6 chairs – just enough that I would be able to set up camp and hunt myself. Everything else will stay with the business.
