Each Owner and their invitees are granted a right to use the roads for ingress and egress and other reasonable and appropriate uses. The location of existing roads are as depicted on the plat of record referenced in the Declaration paragraph above. It is the intention of the Developer to dedicate the roads for public use, if feasible, however, the Developer has no obligation to dedicate the roads.

The Developer has designated parcels of property as common areas for the general use and benefit of the owners and guests of the other parcels and tracts of the development. The common areas are on survey plats which are recorded in the Register of Deeds Office and are

intended for hiking, trails, nature areas, and/or other recreational uses consistent with the nature of the property. The common areas will be maintained for the common benefit by the Developer.

(a) Maintenance and Cost:

The individual owner(s) of each numbered tract shall pay an annual fee to the Developer in the amount of TWO HUNDRED (\$200.00) DOLLARS due and payable on or before June 1, 2006, and each year thereafter on an annual basis. The annual fee applies to each individual numbered tract.

(b) Road Maintenance:

The Developer shall maintain roads within the development in the existing condition being a primary base of gravel in a level and usable condition. The fee as stated may be used in its entirety or any portion thereof for road maintenance for the common good of all landowners at the discretion of the Developer.

(c) Use of Funds:

The Developer has constructed roads in various portions of the master tract of property that include roads within the area known as **WILDER MOUNTAIN – PHASE VII**, but which also include roads that continue through the tract for ingress and egress to other tracts and areas of development. Each Owner acknowledges and agrees that the maintenance cost described above may, at the discretion of the Developer, be used for maintenance of roads in the master tract whether within **WILDER MOUNTAIN – PHASE VII** area or not.

(d) Dedication:

In the event the Developer dedicates the roads for public use to FENTRESS COUNTY, TENNESSEE, and such is accepted for
