

Tucked away on a private road shared with just one other home, this custom-built 4 bedroom, 3.5 bath beauty offers over 2,500 square feet of thoughtfully designed living space—plus a massive 1,500 sq. ft. shop—on nearly 4 acres. Built in 1993 by a respected local builder, every detail was crafted with care and fully remodeled in 2017 to include a new AC unit, new roof, and some new plumbing! Step inside to find spacious rooms filled with natural light from an abundance of large windows. The oversized great room, anchored by a striking fireplace, is the perfect gathering place for friends and family. The kitchen features custom cabinetry, a generous dining area, and easy flow for entertaining. The recently remodeled primary bath feels like a retreat with its elegant soaking tub. Out back, a wraparound deck offers peaceful views of the landscaped yard, complete with blueberry bushes and pear and plum trees. Beyond the backyard lies a large, manicured pasture, creating a serene backdrop for everyday living. Whether you're relaxing in the shade, working in the shop, or enjoying the quiet privacy, this property blends comfort, function, and natural beauty in one special package.
