### **Additional Explanation Page**

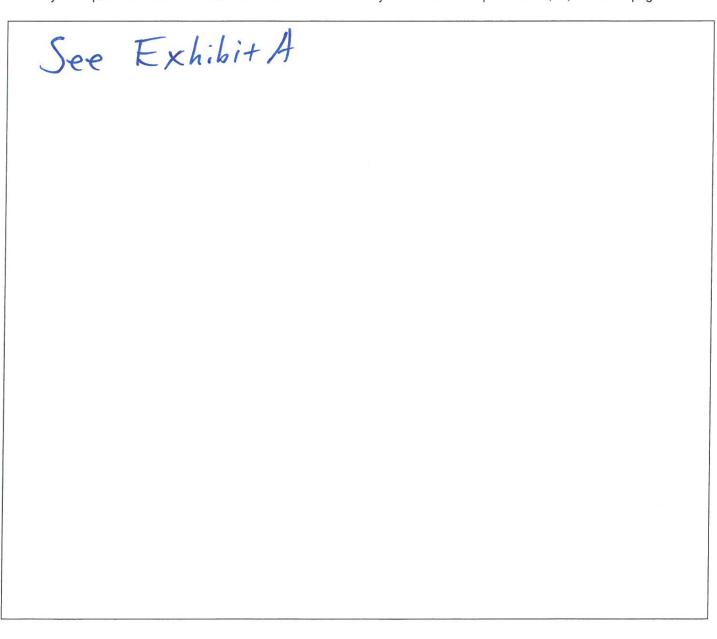

### Instructions to Seller(s):

The PCDS often presents boxes in which to provide explanatory details on various topics, including an instruction to "attach additional pages if necessary."

This page may be used as such an additional page. Seller should indicate in the main body of the PCDS that an additional page has been attached when such is needed.

To avoid confusion on what is being explained, identify the item for which additional explanation is being provided by providing Roman Numeral for the subject Section, and the Number for item in that Section being explained (for example, "IV. 8." would reference Section IV., "Structural Items and Soils," Item 8: (regarding damage from fire, hail, etc.)).

Write your explanation in the box below. More than one item may be discussed if space allows, or, use more pages.
