COUNTY OF HENDERSON COVENANTS, RESTRICTIONS, EASEMENTS,
RESERVATIONS, TERMS AND CONDITIONS
GOVERNING ROCK CREEK, A SUBDIVISION,
HENDERSON COUNTY, NORTH CAROLINA

KNOW ALL MEN BY THESE PRESENTS that Southern Development, Inc., a North Carolina Corporation, (herein "Developer") does hereby covenant and agree with all other persons, firms or corporations now owning or hereafter acquiring any property in the area hereinafter described, for full value received, and the landowner covenants and agrees upon acceptance of deeds of conveyance to any of the lots described in the plats of this subdivision upon the terms and conditions hereinafter set forth, that all of the numbered lots shown upon the plats of the subdivision of the property entitled "Rock Creek" recorded in Deed Book 1060, at page 495, Henderson County Registry are hereby subjected to the following restrictions as to the use thereof, running with said properties by whomsoever owned, to wit:

1. PURPOSE

The primary purpose of these covenants and restrictions and the foremost consideration in the origin of the same has been the creation of a residential community which is aesthetically pleasing and functionally convenient; attracting residents seeking privacy, security and superior facilities in a beautiful environment.

2. DEFINITIONS:

- A. "Residential Lot" or "Lots" shall mean any unimproved parcel of land located within Rock Creek, which is intended for use as a site for a single-family detached dwelling.
- B. "Family Dwelling Unit" shall mean and refer to any improved property intended for use as a single-family detached dwelling unit located within Rock Creek.
- C. "Lot Owner" shall mean and refer to the owner or owners as shown by the real estate records in the office of the Register of Deeds of Henderson County, North Carolina, of fee simple title to any residential lot or family dwelling unit situated within Rock Creek.
- D. "Intended for Use" shall mean the use to which any particular parcel of land is restricted by covenants expressly set forth or incorporated by reference in deeds by which Developer has conveyed the property.
- E. "Developer" shall mean Southern Development, Inc., a North Carolina Corporation or its successors or assigns of its individual or total rights and duties hereunder.
- F. "Single-Family Detached Dwelling," shall mean a structure arranged or designed to be occupied by one (1) family and family servants and which is not attached to any other dwelling.

3. RESIDENTIAL USE:
All Lots shall be used for single family residential purposes exclusively.
4. SUBDIVIDING AND BOUNDARY RELOCATION:
No lot shall be subdivided, or its boundary lines relocated, for any purpose other than to merge an additional lot or part thereof so as to create a lot larger than the original lot. No subdivision or boundary relocation shall be made without the written approval of Developer, its successors and assigns except, however, Developer hereby expressly reserves to itself, its successors, or assigns, the right to re-plate any lot or lots, shown on the recorded plats, prior to the conveyance thereof, in order to create a modified lot or lots. These restrictions herein apply to each lot which may be so created.
5. COMMERCIAL USE:
No commercial or industrial undertaking or use is permitted, except as identified on the recorded Plat.
6. ARCHITECTURAL REVIEW:
 - A. No family dwelling unit, garage, fence, wall, swimming pool, mailbox or other structure shall be commenced, erected or maintained upon any lot in Rock Creek; nor shall any exterior addition to any existing structure or change or alteration therein, nor shall any landscaping or site work be done until complete final plans and specifications showing the nature, kind, shape, height, materials, basic exterior finishes and colors, location and floor plans therefore, and showing front, side and rear elevations thereof, the name of the contractor and landscaper have been submitted to and approved by Developer or Architectural Review Committee appointed by the Developer, and as to location in relation to surrounding structure and topography.
 - B. Prior to the construction of any structure, a site plan to scale must be approved on a topographic map with 2' intervals, which shows the location of the proposed house, all drives, walks and parking areas, with each clearly indicated. Prior to any physical disturbance of the site, special drainage and/or irreplaceable features are to be identified and provisions for their protection clearly established. This includes large and/or specimen trees, rock outcroppings, springs and streams, and concentrations of azaleas, rhododendrons, and other shrubs and wild flowers. Silt fences shall be required to be installed prior to any physical disturbance. Culverts needed for ingress or egress shall be provided by lot owner and shall be as specified by the engineer for the Architectural Review Committee when established, or by the Developer.

Refusal or approval of plans, specifications, contractor and landscaper, or location of any structure may be based upon any grounds including purely aesthetic considerations which at the sole discretion of Developer shall be deemed sufficient. Any contractor prior to performing any work within Rock

Creek must be approved by Developer. In the event any owner violates the terms of this section, Developer or its duly appointed agent, shall give written notice to the owner to cure such violation within thirty (30) days, Developer shall be entitled to enter upon the property of the owner and remedy such defect including removal of any structure built in violation hereof, all at the expense of the Owner. This right of Developer or its agent, shall be in addition to all other general enforcement rights which Developer may have for a breach or violation of the terms of these covenants and restrictions and shall not be deemed a trespass by Developer or its agent.

- C. At the completion of all construction in accordance with the plans submitted, the lot owner shall request an on-site inspection by Developer. No home may be occupied until an Occupancy Permit has been issued by Developer. Approvals will not be unreasonably withheld, but in addition to the above, the following will be required:
- i. Final landscaping development plans must be approved and carried out without undue delay.
 - ii. Exterior lighting must be approved.
 - iii. Exterior colors and finishes must be as submitted with original plans.
 - iv. All clean-up must be completed.

Such dwelling shall contain a minimum of 1,800 square feet of living space for a one-story dwelling. All two-story family dwelling units shall contain a minimum of 1,400 square feet of enclosed living space for the main floor, with a total minimum of 2,000 square feet of enclosed living space. Such extraordinary circumstances may include unusual topography, lot shape, frontages and also potential views to give property owners the fullest enjoyment of their lots. The establishment of building setback lines is given in order to assure that location of houses will be staggered where practical and appropriate so that the maximum amount of view and privacy will be available to each house, and so that the structures will be located with regard to the ecological constraints and topography of each lot, taking into consideration topography, the location of large trees and similar considerations. Developer reserves the right to control absolutely the precise site and location of any residential unit or other structure upon all lots. Provided, however, that such location shall be determined only after reasonable opportunity is afforded the lot owner to recommend a specific site.

Residential units and other dwelling structures may not be occupied until the exterior thereof has been completed. If the exterior is not completed within one (1) year, One Thousand Dollars (\$1,000.00) in liquidated damages shall

be paid to Developer by the lot owner, and \$1,000 per month shall be paid to the Developer in liquidated damages for each month thereafter until completed.

21. LOT UPKEEP:
It is the responsibility of each lot owner to prevent any unclean, unsightly, or unkempt condition of buildings or grounds to exist on the lot owner's property. Developer shall have the right, but not the duty, to enter upon any lot for the purpose of abating any unclean, unsightly, or unkempt condition of buildings or grounds which tend to decrease the beauty of the neighborhood as a whole or the specific areas.
