

With one of the best locations in the city of Starkville, this is a great opportunity to own a true dream property. This 4 bedroom, 3.5 bath home sits on a spacious 0.98 acre lot and is perfectly positioned between Fairways 14 and 15 at the Starkville Country Club, offering some of the best views Starkville has to offer while still feeling tucked away and private from the main road. Imagine waking up in the master bedroom each morning and looking out your window over the beautiful golf course, with peaceful views of the pond that so many golfers try to clear on the challenging 16th hole. From the large back porch, you can relax or entertain while taking in incredible scenery, with four different greens visible right from your backyard. Built with hosting in mind, the home features a spacious layout and a huge upstairs playroom that is not included in the bedroom count and could easily be converted into an additional bedroom, man cave, or trophy room. As one of the first original homes built around the country club, the property carries a sense of history and charm while offering the perfect place to raise a family in a community known for its excellent schools. Located within 10 minutes of downtown Starkville and Mississippi State University, this home offers endless potential whether you're looking for a full-time residence, a weekend retreat for MSU sporting events, or a golf lover's paradise just steps from the course. Hop on your golf cart and be at the newly renovated country club in minutes, where you can enjoy amenities such as a resort-style pool area, fine dining, and a full bar while experiencing the true country club lifestyle.
