

SELLER DISCLOSURE OF PROPERTY CONDITION

(To be delivered prior to buyer making Offer to Buy Real Estate)

Property Owner(s) & Address:

Douglas F. Endsley & Cynthia S. Endsley as co-trustees
of Douglas F. Endsley & Cynthia S. Endsley Revocable
Living Trust dated June 30, 2021

Purpose of Disclosure: Completion of Section I this form is required under Chapter 558A of the Iowa code which mandates the Seller(s) disclose condition and information about the property, unless exempt:

Exempt Properties: Properties exempted from the Seller's disclosure requirement include (IA Code 558A): Bare ground; property containing 5 or more dwellings units; court ordered transfers; transfers by a power of attorney; foreclosures; lenders selling foreclosed properties; transfers by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust. This exemption shall not apply to a transfer of real estate in which the fiduciary is a living natural person and was an occupant in possession of the real estate at any time within the twelve consecutive months immediately preceding the date of transfer; between joint tenants, or tenants in common; to or from any governmental division; quit claim deeds; intra family transfers; between divorcing spouses; commercial or agricultural property which has no dwellings. Seller(s) certifies that the property is exempt from the requirement(s) of Iowa Code 558A because one of the above exemptions apply.

If claiming an exemption, sign here and stop.

Instructions to the Seller: (1) Complete this form yourself. (2) Report known conditions materially affecting the property and utilize ordinary care in obtaining the information. (3) Provide information in good faith and make a reasonable effort to ascertain the required information. (4) Additional pages or reports may be attached. (5) If some items do not apply to your property, write "NA" (not applicable). (6) All approximations must be identified "AP". If you do not know the facts, write or check UNKNOWN. (7) Keep a copy of this statement.

Seller's Disclosure Statement: Seller discloses the following information regarding the property and certifies this information is true and accurate to the best of my/our knowledge as of the date signed. Seller authorizes Agent to provide a copy of this statement to any person or entity in connection with actual or anticipated sale of the property or as otherwise provided by law.

This statement shall not be a warranty of any kind by Seller or Seller's Agent and shall not be intended as a substitute for any inspection or warranty the purchaser may wish to obtain. The following are representations made by Seller and are not by any Agent acting on behalf of the Seller. **The Agent has no independent knowledge of the condition of the property except that which is written on this form.** Seller advises Buyer to obtain independent inspections relevant to Buyer.

I. Property Conditions, Improvements and Additional Information (Section I is Mandatory)

EACH AND EVERY LINE MUST BE ADDRESSED AND MARKED

1. **Basement/Foundation:** Has there been known water or other problems?..... Yes ☐ No ☒ Unknown ☐
If yes, please explain: Basement is damp, but drains

2. **Roof:** Any known problems?..... Yes ☐ No ☒ Unknown ☐

Roof Type Asphalt Shingles

Date of repairs/replacement (If any) 2018 New

Describe: _____

- 53 3. **Well and Pump:** Any known problems?..... NONE Yes ☐ No ☐ Unknown ☐
54 Type of well (depth/diameter), age and date of repair: _____
55 Has the water been tested?..... Yes ☐ No ☐ Unknown ☐
56 If yes, date of last report/results: _____
57
- 58 4. **Septic Tanks/Drain Fields:** Any known problems? NONE Yes ☐ No ☐ Unknown ☐
59 Location of tank _____ Age _____ Unknown ☐
60 Has the system been pumped and inspected within the last 2 years? Yes ☐ No ☐ Unknown ☐
61 Date of inspection _____ Date tank last cleaned/pumped _____ N/A ☐ Unknown ☐
62
- 63 5. **Sewer:** Any known problems? Yes ☐ No ☒ Unknown ☐
64 Any known repairs/replacement?..... Yes ☐ No ☒ Unknown ☐
65 Date of repairs _____
66
- 67 6. **Heating System(s):** Any known problems? Yes ☐ No ☒ Unknown ☐
68 Any known repairs/replacement? Yes ☐ No ☒ Unknown ☐
69 Date of repairs _____
70
- 71 7. **Central Cooling System(s):** Any known problems?..... Yes ☐ No ☒ Unknown ☐
72 Any known repairs/replacement?..... Yes ☐ No ☒ Unknown ☐
73 Date of repairs _____
74
- 75 8. **Plumbing System(s):** Any known problems?..... Yes ☐ No ☒ Unknown ☐
76 Any known repairs/replacement? Yes ☐ No ☒ Unknown ☐
77 Date of repairs _____
78
- 79 9. **Electrical System(s):** Any known problems?..... Yes ☐ No ☒ Unknown ☐
80 Any known repairs/replacement? Yes ☐ No ☒ Unknown ☐
81 Date of repairs _____
82
- 83 10. **Pest Infestation:** (wood-destroying insects, bath, snakes, rodents, destructive/troublesome animals, etc.)
84 Any known problems?..... Yes ☐ No ☒ Unknown ☐
85 Date of treatment twice a year.
86 Previous Infestation/Structural Damage?..... Yes ☐ No ☒ Unknown ☐
87 Date of repairs _____
88
- 89 11. **Asbestos:** Is asbestos present in any form in the property? Yes ☐ No ☒ Unknown ☐
90 If yes, explain: _____
91
- 92 12. **Radon:** Any known tests for the presence of radon gas? Yes ☐ No ☒ Unknown ☐
93 If yes, test results? _____ pCi/L Date of last report _____
94
- 95 13. **Lead Based Paint:** Known to be present in the property Yes ☐ No ☒ Unknown ☐
96 Has the property been tested for the presence of lead-based paint? Yes ☐ No ☐ Unknown ☐
97 **Provide lead-based paint disclosure.**
98
- 99 14. Are there currently, or have there ever been, any lead water service lines present? Yes ☐ No ☒ Unknown ☐
100 If yes, please provide more information. _____
101

15. Any known encroachments, easements, "common areas" (facilities like pools, tennis courts, walkways or other areas co-owned with others), zoning matters, nonconforming uses, or a Homeowners Association which has any authority over the property? Yes ☐ No ☒ Unknown ☐
16. Features of the property known to be shared in common with adjoining landowners, such as walls, fences, roads and driveways whose use or maintenance responsibility way have an effect on the property?..... Yes ☐ No ☒ Unknown ☐
17. **Structural Damage:** Any known structural damage?..... Yes ☐ No ☒ Unknown ☐
18. **Physical Problems:** Any known settling, flooding, drainage or grading problems?..... Yes ☐ No ☒ Unknown ☐
19. Is the property located in a flood plain? Yes ☐ No ☒ Unknown ☐
If yes, flood plain designation: _____
20. Do you know the zoning classification of this property? Yes ☐ No ☒ Unknown ☐
If Yes, what is the zoning? _____
21. **Covenants:** Is the property subject to restrictive covenants? Yes ☐ No ☒ Unknown ☐
If yes, attach a copy OR state where a true, current copy of the covenants can be obtained: ☐ On file at County Recorder's office or: _____

You MUST explain any "Yes" responses above (Attach additional sheets if necessary): _____

IV. Radon Fact Sheet & Form Acknowledgement

Seller acknowledges that Buyer be provided the "Iowa Radon Home-Buyers and Sellers Fact Sheet", prepared by the Iowa Department of Public Health.

Seller  Seller  Date 6-30-2026

Seller has owned the property since July 2018 (date). Seller has indicated above the history and condition of all the items based solely on the information known or reasonably available to the Seller(s). If any changes occur in the structural/mechanical/appliance systems of this property from the date of this form to the date of closing, Seller will immediately disclose the changes to Buyer. In no event shall the parties hold Broker liable for any representations not directly made by Broker or Broker's affiliated licensees (brokers and salespersons). Seller hereby acknowledges Seller has retained a copy of this statement.

Buyer hereby acknowledges receipt of "Iowa Radon Home-Buyers and Sellers Fact Sheet", prepared by the Iowa Department of Public Health, and a copy of this statement. This statement is not intended to be a warranty or to substitute for any inspection the buyer(s) may wish to obtain.

Buyer _____ Buyer _____ Date _____

Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint HazardsAddress: 1503 South F Ave, Lovilia La 50150**Lead Warning Statement**

Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

Seller's Disclosure

(a) Presence of lead-based paint and/or lead-based paint hazards (initial (i) or (ii) below):

(i) _____ Known lead-based paint and/or lead-based paint hazards are present in the housing. Describe what is known:

(ii) JS Seller has no knowledge of lead-based paint and/or lead-based paint hazards in the housing.

(b) Records and reports available to the seller (initial (i) or (ii) below):

(i) _____ Seller has provided the purchaser with all available records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing. List documents below:

(ii) JS Seller has no reports or records pertaining to lead-based paint and/or lead-based paint hazards in the housing.

Purchaser's Acknowledgment

(c) Purchaser has (initial (i) or (ii) below):

(i) _____ received copies of all records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing listed above.

(ii) _____ not received any records and reports regarding lead-based paint and/or lead-based paint hazards in the housing.

(d) _____ Purchaser has received the pamphlet *Protect Your Family from Lead in Your Home* (initial).

(e) Purchaser has (initial (i) or (ii) below):

(i) _____ received a 10-day opportunity (or mutually agreed upon period) to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards; or

(ii) _____ waived the opportunity to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards.

Agent's Acknowledgment (initial or enter N/A if not applicable)

(f) WKF Seller's Agent has informed the seller of the seller's obligations under 42 U.S.C. 4852d and is aware of his/her responsibility to ensure compliance.

(g) _____ Purchaser's Agent has informed the seller of the seller's obligations under 42 U.S.C. 4852d and is aware of his/her responsibility to ensure compliance.¹

BUYER'S INSPECTION ADVISORY

Property Address: 1503 South F Ave Lovilia Ia 50150 ("Property").

- A. IMPORTANCE OF PROPERTY INVESTIGATION:** The physical condition of the land and improvements being purchased is not guaranteed by either Seller or Brokerage/Brokers. For this reason, you should conduct thorough investigations of the Property personally and with professionals who should provide written reports of their investigations. A general physical inspection typically does not cover all aspects of the Property nor items affecting the Property that are not physically located on the Property. If the professionals recommend further investigations, including a recommendation by a pest control operator to inspect inaccessible areas of the Property, you should contact qualified experts to conduct such additional investigations.
- B. BUYER RIGHTS AND DUTIES:** You have an affirmative duty to exercise reasonable care to protect yourself, including discovery of the legal, practical and technical implications of disclosed facts, and the investigation and verification of information and facts that you know or that are within your diligent attention and observation. The purchase agreement may give you the right to investigate the Property. If you exercise this right, and you should, you must do so in accordance with the terms of that agreement. This is a way for you to protect yourself. It is extremely important for you to read all written reports provided by professionals and to discuss the results of inspections with the professional who conducted the inspection. You may have the right to request that Seller make repairs, corrections or take other action based upon items discovered in your investigations or disclosed by Seller. If Seller is unwilling or unable to satisfy your requests, or you do not want to purchase the Property in its disclosed and discovered condition, you may have the right to cancel the agreement if you act within specific time periods. If you do not cancel the agreement in a timely and proper manner, you may be in breach of contract.
- C. SELLER RIGHTS AND DUTIES:** Seller is required to disclose to you required information under the Iowa Code. However, Seller may not be aware of some Property defects or conditions. Seller does not have an obligation to inspect the Property for your benefit nor is Seller obligated to repair, correct or otherwise cure known defects that are disclosed to you or previously unknown defects that are discovered by you or inspectors during escrow. The purchase agreement may obligate Seller to make the Property available to you for investigations or inspections.
- D. BROKERAGE OBLIGATIONS:** Real estate licensees must disclose Material Adverse Facts that may affect the value, structural integrity or present a significant health risk to the purchasers of Property. Real estate licensees may not have expertise in any areas and therefore cannot advise you on many items, such as soil stability, geologic or environmental conditions, hazardous or illegal controlled substances, structural conditions of the foundation or other improvements, or the condition of the roof, plumbing, heating, air conditioning, electrical, sewer, septic, waste disposal, or other system. The only way to accurately determine the condition of the Property is through an inspection by an appropriate professional selected by you. If Broker gives you referrals to such professionals, Broker does not guarantee their performance. You may select any professional of your choosing. If you have entered into a written agreement with a Broker, the specific terms of that agreement will determine the nature and extent of that Broker's duty to you. **YOU ARE STRONGLY ADVISED TO INVESTIGATE THE CONDITION AND SUITABILITY OF ALL ASPECTS OF THE PROPERTY. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERAGE/BROKERS.**
- E. YOU ARE ADVISED TO CONDUCT INVESTIGATIONS OF THE ENTIRE PROPERTY, INCLUDING, BUT NOT LIMITED TO THE FOLLOWING:**
- 1. GENERAL CONDITION OF THE PROPERTY, ITS SYSTEMS AND COMPONENTS:** Foundation, roof, plumbing, heating, air conditioning, electrical, mechanical, security, pool/spa, other structural and non-structural systems and components, fixtures, built-in appliances, any personal property included in the sale, and energy efficiency of the Property. (Structural engineers are suited to determine possible design or construction defects, and whether improvements are structurally sound.)
 - 2. SQUARE FOOTAGE, AGE, BOUNDARIES:** Square footage, room dimensions, lot size, age of improvements and boundaries. Any numerical statements regarding these items are APPROXIMATIONS ONLY and have not been verified by Seller and cannot be verified by Brokerage/Brokers. Fences, hedges, walls retaining walls and other natural or constructed barriers or markers do not necessarily identify true Property boundaries. (Professionals such as appraisers, architects, surveyors and civil engineers are suited to determine square footage, dimensions and boundaries of the Property.)
 - 3. WOOD DESTROYING PESTS:** Presence of, or conditions likely to lead to the presence of wood destroying pests and organisms and other infestation or infection. Inspection reports covering these items often times may be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. A registered structural pest control company is suited to perform these inspections.
 - 4. SOIL STABILITY:** Existence of fill or compacted soil, expansive or contracting soil, susceptibility to slippage, settling or movement, and the adequacy of drainage. (Geotechnical engineers are suited to determine such conditions, causes and remedies.)
 - 5. ROOF:** Present condition, age, leaks, and remaining useful life. (Roofing contractors are suited to determine these conditions.)

Buyer's Initials () () Seller's Initials () ()

Property Address: 1503 South F Ave, Lovilia Ia 50150 ("Property").

6. **POOL/SPA:** Cracks, leaks or operational problems. (Pool contractors are suited to determine these conditions.)
7. **WASTE DISPOSAL:** Type, size, adequacy, capacity and condition of sewer and septic systems and components, connection to sewer, and applicable fees.
8. **WATER AND UTILITIES; WELL SYSTEMS AND COMPONENTS:** Water and utility availability, use restrictions and costs. Water adequacy, condition, and performance of well systems and components.
9. **ENVIRONMENTAL HAZARDS:** Potential environmental hazards, including, but not limited to, asbestos, lead-based paint and other lead contamination, radon, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources, and other substances, materials, products, or conditions (including mold (airborne, toxic or otherwise), fungus or similar contaminants). (For more information on these items, you may consult an appropriate professional.)
10. **EARTHQUAKES AND FLOODING:** Susceptibility of the Property to earthquake/seismic hazards and propensity of the Property to flood. (A Geologist or Geotechnical Engineer is suited to provide information on these conditions.)
11. **FIRE, HAZARD AND OTHER INSURANCE:** The availability and cost of necessary or desired insurance may vary. The location of the Property in a seismic, flood or fire hazard zone, and other conditions, such as the age of the Property and the claims history of the Property and Buyer, may affect the availability and need for certain types of insurance. Buyer should explore insurance options early as this information may affect other decisions, including removal of loan and inspection contingencies. (An insurance agent is suited to provide information on these conditions.)
12. **BUILDING PERMITS, ZONING AND GOVERNMENTAL REQUIREMENTS:** Permits, inspections, certificates, zoning, other governmental limitations, restrictions, and requirements affecting the current or future use of the Property, its development or size. (Such information is available from appropriate governmental agencies and private information providers. Brokers are not qualified to review or interpret any such information.)
13. **RENTAL PROPERTY RESTRICTIONS:** Some cities and counties impose restrictions that limit the amount of rent that can be charged, the maximum number of occupants; and the right of a landlord to terminate tenancy. Deadbolt or other locks and security systems for doors and windows, including window bars, should be examined to determine whether they satisfy legal requirements. (Government agencies can provide information about these restrictions and other requirements.)
14. **SECURITY AND SAFETY:** State and local Law may require the installation of barriers, access alarms, self-latching mechanisms and/or other measures to decrease risk to children and other persons of existing swimming pools and hot tubs, as well as various fire safety and other measures concerning other features of the Property. Compliance requirements differ from city to city and county to county. Unless specifically agreed, the Property may not be in compliance with these requirements. (Local government agencies can provide information about these restrictions and other requirements.)
15. **NEIGHBORHOOD, AREA, SUBDIVISION CONDITIONS; PERSONAL FACTORS:** Neighborhood or area conditions, including schools, proximity and adequacy of law enforcement, crime statistics, the proximity of registered felons or offenders, fire protection, other government services, availability, adequacy and cost of any speed-wired, wireless internet connections or other telecommunications or other technology services and installations, proximity to commercial, industrial or agricultural activities, existing and proposed transportation, construction and development that may affect noise, view, or traffic, airport noise, noise, or odor from any source, wild and domestic animals, other nuisances, hazards, or circumstances, protected species, wetland properties, botanical diseases, historic or other governmentally protected sites or improvements, cemeteries, facilities and condition of common areas of common interest subdivisions, and possible lack of compliance with any governing documents or Homeowners' Association requirements, conditions and influences of significance to certain cultures and/or religions, and personal needs, requirements and preferences of Buyer.

Buyer and Seller acknowledge and agree that Broker: (i) Does not decide what price Buyer should pay or Seller should accept; (ii) Does not guarantee the condition of the Property; (iii) Does not guarantee the performance, adequacy or completeness of inspections, services, products or repairs provided or made by Seller or others; (iv) Does not have an obligation to conduct an inspection of common areas or areas off the site of the Property; (v) Shall not be responsible for identifying defects on the Property, in common areas, or offsite unless such defects are visually observable by an inspection of reasonably accessible areas of the Property or are known to Broker; (vi) Shall not be responsible for inspecting public records or permits concerning the title or use of Property; (vii) Shall not be responsible for identifying the location of boundary lines or other items affecting title; (viii) Shall not be responsible for verifying square footage, representations of others or information contained in Investigation reports, Multiple Listing Service, advertisements, flyers or other promotional materials; (ix) Shall not be responsible for providing legal or tax advice regarding any aspect of a transaction entered into by Buyer or Seller; and (x) Shall not be responsible for providing other advice or information that exceeds the knowledge, education and experience required to perform real estate licensed activity. Buyer and Seller agree to seek legal, tax, insurance, title and other desired assistance from appropriate professionals.

By signing below, Buyer and Seller each acknowledge that they have read, understand, accept and have received a copy of the Advisory. Buyer is encouraged to read it carefully.

IOWA RADON HOME- BUYERS AND SELLERS FACT SHEET

Licensed radon measurement specialists in Iowa can be found by going online to www.idph.state.ia.us/eh/radon.asp and searching the lists of certified radon measurement specialists by county or by license number. Additional radon information is available from the state radon program at 800-383-5992. EPA's Web site www.epa.gov/radon and the American Lung Association Web site at www.lungusa.org.

6/2009
Sellers:

JK

CP

6-30-2006

Radon gas occurs naturally in the soil, and is produced by the radioactive breakdown or decay of uranium and radium. Long ago, glacial activity left behind ground-up deposits of many minerals such as uranium in the soil or upper crust in Iowa. Because radon is a gas it can seep into buildings, including homes. It is an odorless and invisible gas that is also radioactive and harmful to humans when inhaled.

Where is Radon found in Iowa?

EPA has identified all counties in Iowa as Zone 1. Zone 1 counties have a predicted average indoor radon screening level of more than 4 pCi L (picocuries per liter). The total average indoor radon level in Iowa is 8.5 picocuries per liter (pCi L) of air, and in the United States it is 1.3 pCi L of air. Average radon levels of 4 pCi L are considered elevated, and remediation is recommended.

The primary source of high levels of radon in homes is in the soil below and soil surrounding the home. It is found in new and old homes, and in homes with and without basements. Based on data collected from radon home tests, the Iowa Department of Public Health (IDPH) estimates that as many as 5 in 7 homes (or greater than 50-70%) across Iowa have elevated radon levels. Radon levels can vary from area to area and can vary considerably from house to house, even on the same street and neighborhood. A high and low level of radon can be found in homes directly next to each other.

How does Radon get into a home?

Warm air rises, creating a small vacuum in the lower areas of a house. Radon moves through and into the home as air moves from a higher pressure in the soil to a lower pressure in the home. Radon gas seeps into a house the same way air and other soil gases enter: from the soil around and under the home and through cracks in the foundation, floor or walls; hollow-block walls; and openings around floor drains, pipes and sump pumps; and through crawl spaces.

What are the Health Effects of Radon?

There is overwhelming scientific evidence that exposure to elevated levels of radon causes lung cancer in humans. Radiation emitted from

radon can cause cellular damage that can lead to cancer when it strikes living tissue in the lungs. Radon is the first leading cause of lung cancer in nonsmokers, and the second leading cause of lung cancer overall. It is responsible for about 21,000 deaths every year in the US. EPA also estimates that long-term exposure to radon potentially causes approximately 400 deaths each year in Iowa.

How do Home Buyers in Iowa find out if a home they are purchasing has elevated levels of Radon?

Home buyers interested in purchasing a home can test the homes for radon by contacting a licensed or certified radon measurement specialist. They can find a list of licensed radon measurement specialists by going online to www.idph.state.ia.us/eh/radon.asp and searching the list of Iowa radon measurement specialists by county, or by contacting a real-estate professional for help on finding a radon testing professional. Remember, the IDPH, the Environmental Protection Agency, the American Lung Association, and the Surgeon General recommend radon testing all new and existing homes for radon in Iowa before they are sold or before they are transferred to a different owner.

How can elevated levels of Radon be fixed?

Licensed or credentialed radon mitigation contractors can install a radon mitigation system that provides a permanent solution. A typical radon mitigation system includes a suction point that addresses the soil underneath the structure. A home that has been mitigated will usually have a much lower radon level than the EPA's action level of 4 picocuries per liter. Addressing residential radon issues is an excellent step toward assuring good indoor air quality. A list of licensed radon mitigation contractors can be obtained from the state radon program by going online to www.idph.state.ia.us/eh/radon.asp and then clicking on the list of Iowa credentialed radon mitigation specialists by county. A radon information packet can also be obtained by calling 1-800-383-5992.

Additional Information:

Additional information about radon is available from the state radon program at 800-383-5992, and EPA's Web site, www.epa.gov/radon, or the American Lung Association Web site at www.lungusa.org.
